

CS 1034C - COLUMN SKIP

The CS1034C range of Column Skips, have been specifically designed by the manufacturer Eichinger to meet the specific needs of pouring concrete into columns and formwork. With the delivery hose attached to the gate of the skip users can direct the flowing concrete with ease.

The CS1034C also benefits from a kick down hopper to enable easier cleaning as well as an additional gate closing pulley to increase user confidence.

| Product Code | SWL (kg) | Capacity (ltrs) | Height (mm) HANGING | Width (mm) | Weight (kg) |
|--------------|----------|-----------------|---------------------|------------|-------------|
| 1034C.8 | 1200 | 500 | 2200 | 1050 | 290 |
| 1034C.10 | 1800 | 750 | 2550 | 1200 | 360 |
| 1034C.12 | 2400 | 1000 | 2750 | 1200 | 380 |
| 1034C.14 | 3600 | 1500 | 2980 | 1500 | 570 |
| 1034C.16 | 4800 | 2000 | 3280 | 1500 | 650 |
| 1034C.18 | 7200 | 3000 | 3150 | 1800 | 1160 |
| 1034C.20 | 9600 | 4000 | 3500 | 1800 | 1390 |
