

CS0003 | Restraint Net

The CS0003 Safety Restraint Net has been designed specifically for use with crane forks and block grabs.

The net is designed to restrain the load on the equipment and must be gathered as tight as possible around the lifted load to maximize effectiveness.

The net is not designed to catch a falling load or for lifting goods on it's own.

Item Code	Hanging Height (mm)	Width (mm)	Length (mm)	Weight (kg)
CS0003	1600	1500	1500	5

1056 | Self Leveling Crane Forks

1083 | Block Grab
